

# INTERNSHIP ADMISSIONS, SUPPORT, AND INITIAL PLACEMENT DATA

Date program Tables are updated: **July 1, 2021**

## Financial and Other Benefit Support for Upcoming Training Year

### Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

**Applicants to our site should have broad based training in clinical psychology appropriate for their desired track (adult, child/adolescent, or early intervention). A solid background in test administration and report writing with the age group appropriate for their desired track is expected. Applicants should have exposure to empirically-supported treatments and evidence-based practice. Our program expects applicants to have completed course work in psychopathology appropriate for their desired track. We prefer 4 years of graduate training prior to internship. A demonstrated interest in Community Mental Health practice is favorable.**

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	Y	500 hours preferred
Total Direct Contact Assessment Hours	Y	100 hours preferred

\*\*\* the above preferred minimums are less stringent currently due to COVID-19\*\*\*

Describe any other required minimum criteria used to screen applicants:

- **One redacted psychological testing report (preferably one including projective testing) required with application**
- **Master's Degree required by application deadline**
- **Comprehensive exams must be passed by application deadline**
- **Dissertation proposal must be approved by ranking deadline**

## Financial and Other Benefit Support for Upcoming Training Year
