Q RingCentral	Meetings app		× 🌷
	Google Search	I'm Feeling Lucky	

Search results will appear (as below), select the first link to the www.ringcentral.com site

Depending on the Virus/Web protection software that the client is running on their system, they maybe prompted to confirm that they want to go to the site to install the .exe file

Just clock "proceed to site" or whatever will allow you to continue on to the install page

Select the Downloads folder on your local PC and then click "save"
