

Respect Standards at Aspire Health Alliance

At Aspire Health Alliance (Aspire), we are continually seeking ways to ensure a welcoming environment for all. Our goal is to provide spaces where people of all backgrounds feel well cared for, safe, and respected.

To help us achieve our goal, while at Aspire, we expect that people treat each other with respect in all communications, both verbal and written.

- **There will be no tolerance for swearing, racial and other slurs, threatening language, aggressive behavior, including bullying, use of hate speech, or destruction of property. Any such behavior may result in treatment being ended.**
- No video, photo taking, or audiotaping will be permitted on Aspire premises without written consent.
- No weapons of any type are allowed on Aspire property.
- Attending Aspire for services while under the influence of alcohol, marijuana, or any illegal substances may result in your clinician evaluating what care can be provided, or if your appointment will need to be rescheduled.

Thank you for supporting mutual respect at Aspire!
